Disgraceful that money spent for unreliable figures

"It's disgraceful, in my opinion that our money should be used for reassessment studies and then for a man to stand up in court and say that those figures aren't reliable," said Stanhope Reeve Sinclair Nesbitt in response to the Ontario Municipal Board decision that turned down an appeal by Stanhope, Anson, Hindon and Minden and Sherbourne, McKlinton and Livingstone concerning the apportionment of 1976 Board of Education taxes.

At the OMB hearing, held Jan. 31 in Minden, district assessment commissioner Victor Hewson testified that the 1974 assessment figures that he determined according to adjusted 1972 figures are no more reliable than assessments calculated on the figures frozen by the province in 1969.

In 1975, the Haliburton County Council relied on Mr. Hewson's figures for apportionment purposes, adopting one third of the difference between his figures and those based on the 1969 rolls.

In 1976, Stanhope and Anson, Hindon and Minden appealed the 1975 Board of Education apportionment, asking that it too be calculated according to Mr. Hewson's reassessment studies. Mr. Hewson's figures, they maintained, provided a fairer basis for apportionment across the county.

The OMB last year granted the appeal, and adjustments in the school levy were made.

The 1976 Board of Education levy, however, was not affected by the decision and apportionment was once calculated according to the 1969 figures, rather than according to two thirds of Mr. Hewson's figures, the next step updating apportionment to reflect market values.

The second appeal made recently concerning the 1976 levy was not granted. According to the OMB decision, released last week, "the evidence of the assessment commissioner ... was

crucial" to the refusal to grant the appeal.

Mr. Hewson testified at the hearing that his estimated assessment figures of 1974 could not be relied on to create a more equitable distribution among the municipalities than if the 1969 equalized assessment figures were allowed to stand.

He testified that there have been changes in the status of farm lands according to the provincial Budget Paper E on market value assessment, and also that market values of lakeshore properties have escalated at a faster rate than market values in general.

He noted that the 1974 figures were found to be

see page 2

\$80,000 in taxes to make up

The municipality of Galway-Cavendish has been forced to come up with an interim tax billing due to a default in payment to the Peterborough County Board of Education of \$80,000 this year.

In a news release from the council it is stated, "If the council were to continue on with issuing one tax bill for the year on June 30, the first two levies from the school board, for 1977, due March 31, \$62,000 and June 30, \$62,000, would have been received raising our total default position to \$204,000 before we start to receive the 1977 tax revenues.

Reeve Carl Brickman said that a review of the municipalities past paying habits with the school board had revealed that the in excess of \$48,000 has been paid in interest penalties since 1972 and there was significant interest paid

see page 2

Minden and the OMB

Disatisfied, will appeal

Anson, Hindon and Minden Council has decided to appeal their 1977 School Board apportionment and appeal a decision made by the Ontario Municipal Board on the 1976 apportionment.

In the 1977 apportionment Anson, Hindon and Minden has had to bear a 15.3 per cent increase and an Ontario Municipal Board decision on the 1976 apportionment an appeal to have it adjusted was turned down.

Reeve Reg Booth said that the council has not let the matter drop and pointed out that the members are uptight about the decision referring to the OMB

hearing.

He said that the council feels that the government is interfering with what people are saying on staff.

The council decided at the last meeting to send a letter to Ontario Premier William Davis with copies to Darcy McKeough, the Ontario Treasurer; James Auld, chairman of the management board of the provincial cabinet; John Eakins, MPP Victoria-Haliburton and Jim Webster, Conservative Candidate in Victoria-Haliburton.

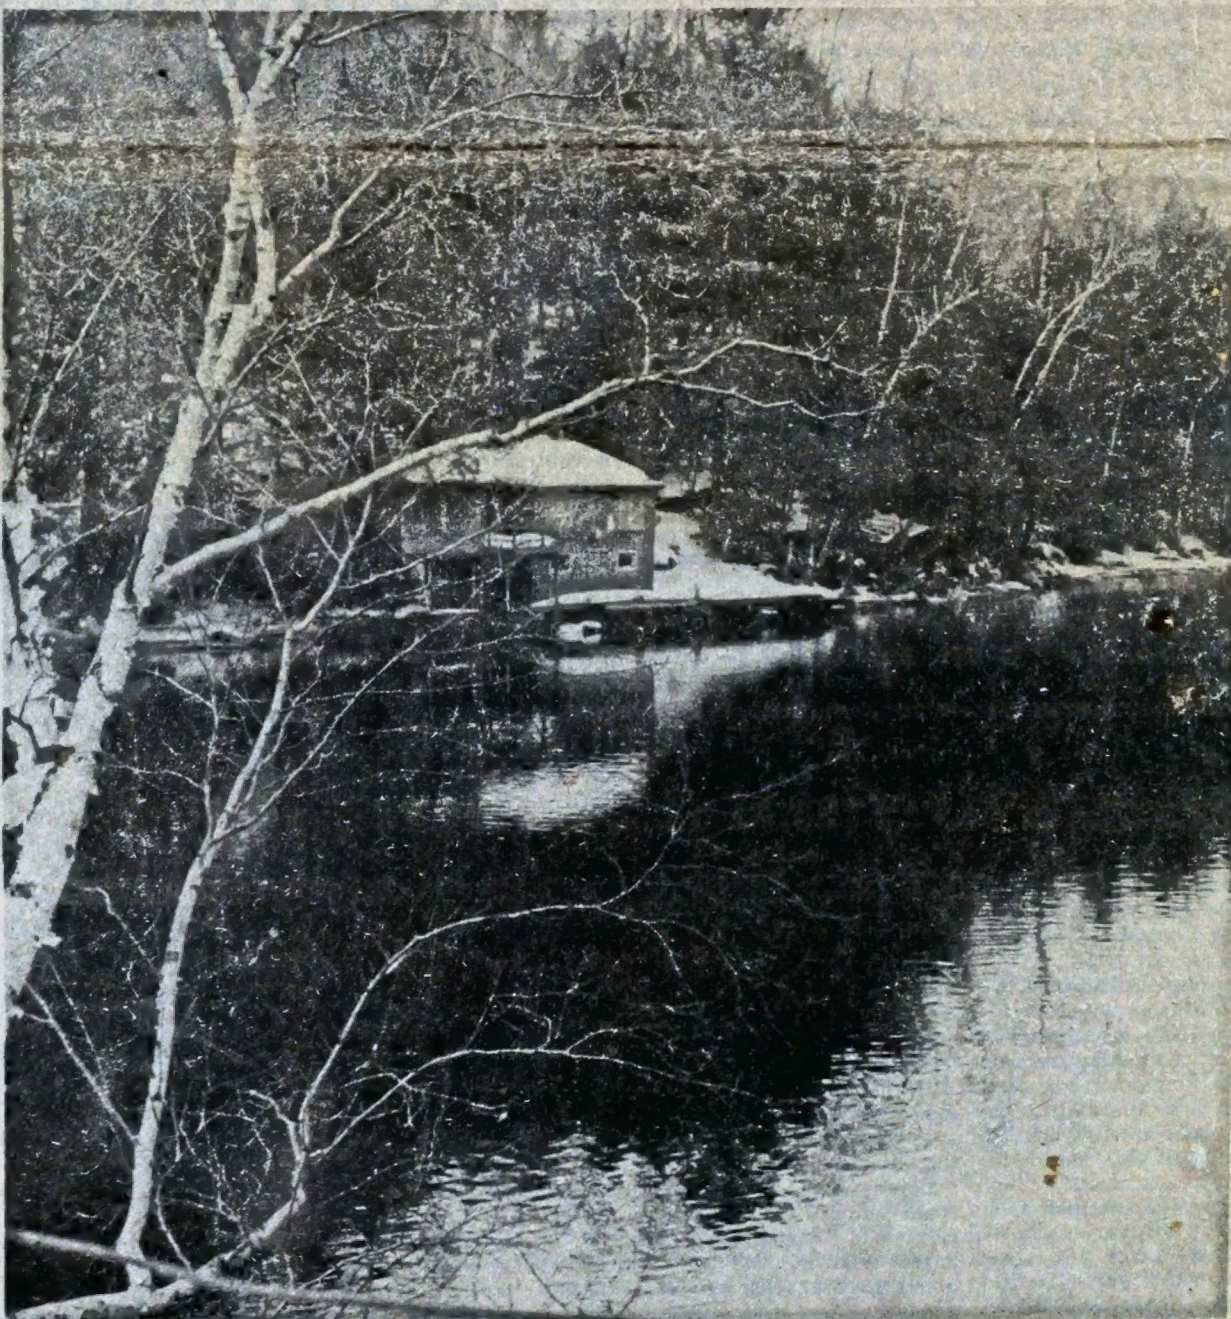

He said that the council is not happy with the way the hearing was handled.

15 cents

If you look close enough you will find that the recent warm weather has started to clear the lakes and streams in the area. Residents of the area, as well as the rest of Ontario experienced record

temperatures last week and it is doubtful many were complaining when the thermometer got up in the 60 degree range one day and has been consistently in the 50 degree range on the other days.

Spring flooding in 1942 put Minden on the edge of a small lake as water built up in the low area south west of the town, the Gull River overflowed its banks and even Prince Street could have been navigated by rowboat. There was not much dry land between Ord Street, west of Bobcaygeon Road on the north of the

Looking Back

Gull River, from where this picture was taken, and the street on which the IGA now stands. A series of photographs showing the extent of the flooding were kindly loaned to The Recorder by Nellie Graham of Minden.

Stanhope reacts, appeal not granted

from page 1

"less than satisfactory" when compared with actual selling costs of those properties and one the evidence of more recent figures that have been compiled.

Stanhope council last Wednesday resolved to send a letter to the Ministry of Treasury, Economics and

Intergovernmental Affairs in response to the OMB decision noting that "council strongly objects to the flagrant waste of public funds" that seems apparent since the 1974 county assessment figures prepared were said to be inaccurate and no better than those of 1969.

Mr. Nesbitt said "it was the most disgraceful thing

I've heard" and that if he heard an employee say his figures weren't reliable "I'd fire him on the spot."

Gerald Bain, Stanhope clerk, said that "Hewson wasn't entirely to blame" since questions weren't asked with regard to up to date figures.

He said that Mr. Hewson's evidence indicated that assessments had altered so greatly between Dec. of 1974 and June of 1976 that the 1974 figures were deemed inadequate. He noted that Robert Weekes, counsel for the appealing townships, should have brought 1976 figures into the evidence which might have been

deemed more reliable than the 1974 or 1969 figures.

Stanhope would have benefitted by \$22,525 if the appeal had been upheld, and two thirds of Mr. Hewson's figures adopted.

Anson, Hindon and Minden would have paid \$42,947 less, and Dysart, \$82,187 more.

As Stanhope councillor John Tomlinson noted Wednesday, "we assumed we were going to win", since the OMB granted the appeal last year of one third of Mr. Hewson's figures, and it was considered that a precedent was set for granting the two thirds.

Crib-dock still to be removed

An unauthorized crib-dock on Lake Kashagawigamog will still have to be removed as far as Anson, Hindon and Minden Council is concerned.

The crib-dock is owned by Norm Harrison, Sr.

Steve Toole, a representative of the Ministry of Natural Resources, told the council that his ministry is mainly concerned about the operation of this nature in general.

He pointed out that it is not this particular structure that they are totally concerned with "but it is the fact that there is a large potential along that shore of Kashagawigamog."

He noted that any kind of shoreline alteration will be looked upon with great concern.

"I look at it for maintaining good fishery in this lake and in order to maintain the fishery, the lake should stay in the same shape," Mr. Toole said.

He pointed out that "this one little thing is not going to change things much but if it starts a trend we could have trouble."

Mr. Toole added that there are about seven similar lakes in the municipality and the problem could be faced on all of them.

He pointed out that it is easier for the municipality to deal with the problem than the Ministry.

Deputy Reeve Doug Pritchard said that the municipality said it would have to be removed and will "definitely have to stick by our guns."

Councillor Alan Coneybeare added that he would be afraid the council was setting a precedent if it allowed the structure to remain.

Reeve Reg Booth noted, "You have to take a stand on these things and it is as important to say no as it is to say yes."

Galway-Cavendish

from page 1

prior to the 1972 levy "but the school board's records are such that they are able to specifically identify and substantiate the amounts."

The council estimates the interest paid in 1971 and 1970 to be at least an additional \$14,000.

Reeve Brickman said that he would not speculate why the payments to the board of education were behind or what happened to the money. He said that it is possible the money was put to some other use.

He also suggested that perhaps the problem started when one year the tax levy was not high enough to cover the cost of the school board as well as the regular work in the municipality.

"Unfortunately introduction of this interim tax

billing does not solve the real problem on a long term basis. It only minimizes the interest that we will pay to the school board this year by about \$10,000. The solution of course is to improve the municipality cash flow position which as of March 31, 1977 will be in a deficit position in excess of \$100,000", the release stated.

Deputy Reeve Art Chambers pointed out at a council meeting last Saturday that the council has only traced the problem back to 1970. He added that the municipality has paid \$62,000 interest on \$80,000 owing to the board.

Reeve Brickman said the problem will be taken to the various ratepayers associations in the municipality and recommendations will be made to pay it over two or three years.

MTC will leave "You are entering" signs

The Ministry of Transportation and Communications is willing to allow the G-65 "Your are now entering" Tourist Region signs to stand until they fall, according to Joe Gleason, with the traffic engineering division of the Ministry of Toronto.

Mr. Gleason noted that the MTC had decided that the signs could be left up, as they are, but that the Ministry will not renew them in the future nor pay any subsidy for their replacement.

The individual tourist councils, in Haliburton County the Chamber of Commerce, will have to "pay the entire shot if they want" the type of signing that identifies the boundaries of the Haliburton Highlands Tourist region.

The Chamber of Commerce in the past has paid only \$3 per year towards the maintenance of these signs that come under provincial subsidy. The cost of erecting new signs, when the need arises, would be about \$225 or \$250 according to figures reported in a recent letter from James Snow, Transportation and Communications Minister to Bob Stinson, secretary manager of the Haliburton chamber.

Mr. Gleason indicated that the signs last for two to five years, but said that he didn't know how long the present signs have been standing.

Mr. Stinson has recently made attempts to contact both the MTC and the Ministry of Industry and tourism to object to the removal of the G-65 signs, which are being phased out of existence in keeping with a new provincial tourist promotion package that signs the Central Ontario Travel area rather than individual Tourist Councils what Mr. Stinson has referred to as a large and various area.

In his column, prepared for publication March 9, and appearing in last week's edition of this paper, Mr. Stinson wrote "Mr. Snow suggests that if we wish to retain the signs we could do so by paying the actual cost of having signs made and erected, which works out to about \$225 to \$250 each. He fails to explain why we should be faced with putting up new signs at this cost when, of course, the signs are already there now, and merely have to be left in place and maintained."

Mr. Stinson is referring to a passage in the letter he received from MTC Minister James Snow that reads as follows: "The Ministry of Industry and Tourism has now advised that Tourist Councils will be permitted to retain the existing Tourist Region signs if they wish to do so, but will have to pay the actual cost incurred in the future. However, the province will continue to subsidize the signing for the 12 new travel areas. As you are aware, the initial fee of \$15 and the annual fee of \$3 barely covers the administration costs of these signs "Mr. Snow's letter goes on to set out the cost of new signs at \$225 to \$250 each.

Russ Bowdery, spokesman for the Ministry of Industry and Tourism in his capacity as manager of its

Carl Harrison, Monday appointed to the position of Deputy Fire Chief of the Stanhope Fire Department, helps Stanhope Captain Jim Moore and Fire Chief Richard Kinsman show off the new tanker purchased last week by the fire department. The truck was a bright shiny red complete with Stanhope lettering in

time for display at last Wednesday's council meeting. Mr. Harrison takes the job of Deputy Chief over Stanhope 23 man force in place of Gerald Bain, who has stepped down due to his many other commitments.

First hand information on fund raising campaigns

Jim McQuarrie and George Hodgson of Lindsay who were instrumental in raising \$162,500 for the recently constructed addition to the Lindsay library, spoke to members of the Minden Library-Museum group last Wednesday to discuss ways and means of fund raising.

They achieved their objective of matching the largest grant yet given for

museum-library purposes, some weeks ago. The Lindsay municipal government contributed to the project. Minden members noted that the Minden Museum-Library Committee was pledged to using no municipal funds for the construction of a new museum and expanded facilities of Minden's over-crowded library.

The Lindsay drive collected enough funds for the three storey addition to their existing library through personal canvass of the community. Although Mr. McQuarrie and Mr. Hodgson did suggest secondary methods of raising money, such as sale of old books donated by community members, or an appeal to service clubs, they noted that canvassing was by far the most successful method of raising the money, especially since each canvasser, before he was asked to approach others, was asked to give himself.

A report from the property committee of the Minden Museum-Library Committee was read after some initial steps in fund raising were clarified with the guest speakers.

The report of the property committee recommended the area directly north of the dentist's office on the Bobcaygeon Road as a suitable site for the museum-library building. It was noted that council will have to make the decision as to the location, since they will own the building and maintain it, even though council is not to allocate any funds towards its construction, according to the terms of Wintario grants upon which the fund raising relies. A letter is to be directed to the March 23 meeting of council to request a decision on the location.

The Minden Project is expected to take shape as a one storey building, approximately 54 by 80 feet, that will be roughly divided into halves for the museum and library facilities. Sketches of possible arrangements had been forwarded to the Minden Museum-Library

Committee by Pauline Hall, a director of the museum section of the Ontario Heritage Foundation. The Minden building committee has not yet established costs or plans, although, as was noted at the meeting, this should be done as soon as possible.

Stanhope appeals 1977 share

Stanhope last Wednesday resolved to appeal the 1977 board of education apportionment, which indicates an 11.2 increase in school taxes to be footed by Stanhope ratepayers.

The decision to make the appeal followed on the announcement that the appeal put before the Ontario Municipal Board Jan. 31 in Minden with regard to 1976 apportionment had been turned down.

The 1976 apportionment was determined according to provincial regulations based on assessment values frozen since 1969. Stanhope, Anson, Hindon and Minden and Sherbourne, McKlinton and Livingstone appealed the 1976 apportionment, asking that it be based instead on more up to date market value assessments prepared by district Assessment Commissioner Victor Hewson in 1974.

The OMB did not grant the appeal on the evidence of the assessment commissioner who testified that his 1974 figures could no longer be deemed reliable, and would not set a fairer apportionment than the 1969 equalized assessments.

Mr. Hewson's figures were used in a similar appeal which was granted for an adjustment on the

1975 levy.

Set by the Haliburton County Board of Education Feb. 22 is, like the 1976 figures, calculated according to the 1969 equalized assessments.

Stanhope clerk Gerald Bain noted Wednesday, however, that an OMB hearing on the 1977 appeal will be held after up to date market value assessments have been released across the province.

According to Budget Paper E on taxation reform, the Ontario government is to release market value figures in June of this year. Between June and December, Mr. Bain noted, there are to be public meetings, and from September, appeals on the new assessments will be heard. By December of 1977, the assessments are to be set, to be used in 1978.

It was noted at Stanhope council Wednesday that if the most recent assessment figures had been available and were relied on by the OMB the decision would probably have gone in Stanhope's favour.

More up to date figures would be available by this time next year are expected to give credit to Stanhope's appeal for what they consider to be a fairer distribution.

Looking over the plans for the addition to the Lindsay Library with George Hodgson, a director of the campaign of funds to build the three storey structure in that centre are Shirley Magee and Ruth Gorrie, of the Minden Museum-Library Committee. Mr. Hodgson came from Lindsay Wednesday to speak to the Minden committee to give ideas and encouragement for fund raising activities. The Lindsay committee was successful in gathering \$162,000, mostly by personal canvassing. The amount they raised was matched by Wintario.

Recorder Opinion

Editorials

We'd be lost without them

The organizers of minor hockey and those involved in operating minor hockey tournaments deserve some recognition.

There is a great deal of planning and work involved in these tournaments, which in the past while seem to happen every weekend.

The organizers spend a great many days getting ready for the events, then have to spend a complete day at the arena making sure all of the small jobs are done to see that the tournament is run smoothly.

It is not uncommon to walk into the arena, find one of the organizers taking tickets then see him run to see that all of the teams have made it to the rink and from there rush out to the penalty box and act as scorekeeper.

These people are doing a good job for our children, which in turn means they are doing a good job for us.

Service for, from the community

In many communities, the Red Cross means only a swimming program. In Minden, it means much more.

Many of Minden's Red Cross members have been working for quite a number of years without much recognition. The branch is very active, however, and capably chaired by Alan Stott, show no signing of fading away from a lack of incentive or initiative.

As with many other groups that hold a community together and keep it going, the Red Cross works in the background, but its members do work.

We have become accustomed to being taken care of by the government and its many levels of assistance programs and regulations that we pay for and have handed down to us from apparently impersonal sources.

It's hard sometimes to realize that not all our services come from outside of the community, but that some are provided by community members almost like ourselves. The difference lies in that most of us are more accustomed to receiving than giving, the giving of time and energy towards the services in the background of community life.

Another viewpoint

Macdonald fiddles as economy freezes

Canada can no longer afford Finance Minister Donald Macdonald's stalling.

New economic statistics showing an actual drop in the production of goods and services in the last three months of 1976 deprive him of any excuse he may have had for refusing to stimulate the economy.

Yet his only response to the latest alarming figures is to say he has no plans for an early budget and will announce the date for one some time in the next few weeks.

Nobody wants to see the government panic. But Macdonald's attitude of near-total unconcern suggests that it is simply not aware of the seriousness of Canada's economic plight.

The latest figures show that Canada's gross national product - the total value of all goods and services produced - grew by 4.6 per cent during all of last year. But a large part of that increase came early in the year, as businesses built up their inventories in anticipation of increased consumer demand and general economic recovery.

Because of government neglect, that recovery didn't come. Instead, during the final quarter of last year, production fell off by 0.6 per cent, or an annual rate of 2.4 per cent, the worst showing since the recession in 1974-75.

Business investment in new production machinery and systems was down by 6.8 per cent in the same period.

The gloomy news came as now surprise. It was foreshadowed last month

when employment statistics show 889,000 Canadians, nearly half of them under 26, were looking for work but couldn't find it. It also followed more than two months of repeated warnings from economists - some of them right in Macdonald's ministry - that Canada's economy was on the skids.

There can no longer be any doubt. Unless Canadians can be coaxed into a spending mood with tax cuts, unless business and industry can start operating at closer to full capacity, and be encouraged to invest and expand, Canada is headed for an economic crisis of massive proportions and the lists of the unemployed will continue to lengthen.

Macdonald is right in rejecting opposition claims that the wage & profit controls program has caused the production slump. But he himself has erred badly in not using the opportunity provided by the anti-inflation program to stimulate business activity without aggravating inflation.

The need is urgent - far more urgent than Macdonald seems to realize - for a budget that will provide tax cuts, incentives for business investment and any other expansionary devices at the government's disposal.

The need is clear. Even Macdonald has recognized that stimulation is necessary. Why wait 'til spring? Do it now. Right away.

from the Toronto Star

Recorder Columns

Inside the Recorder

by Susan McLaughlin

Making money, even for charitable purposes, is a big business.

The two guest speakers who came from Lindsay last Wednesday to address a smaller than usual gathering of Minden people interested in working for a museum-library facility obviously were successful in their own library fund raising campaign because they went about it in a professional manner.

Lindsay's three storey library addition is of course much larger than the structure being considered for Minden. Lindsay's project cost a great deal more money than Minden hopes to spend or could afford, and Lindsay also has a larger population base from which to draw its funds.

The Lindsay group printed brochures, compiled kits for its canvassers, had architects drawings and an audio-visual presentation to take to service clubs and was able to hire a full time secretary, with experience professional fund raising campaigns to do the paperwork involved.

Nevertheless, Minden stands to learn a lot from the approach used in the larger centre.

The two guest speakers were salesmen. They could sell anyone, and I'm sure they sold many, on the idea of contributing to their library.

Faced with their enthusiasm, their conviction about the need for expanded library facilities and their own willingness to give an amazing amount of energy and know-how to the project, I'm sure not many could resist being conned out of a few dollars here or a lot of dollars there.

They set up their canvassing programs in a professional way. They invested a certain amount of money in the campaign alone, but that campaign succeeded in raising the funds far and above the amount invested in publicity and materials necessary to get things underway.

No one with any business sense will deny that you don't make advances without a little capital outlay.

Charitable organizations that spend a certain amount on advertising are called down from time to time for not directing all the funds to the charitable purpose to which the donor has seen fit to contribute. This complaint has some ground to stand on, although perhaps the advertising costs should be seen as a part of the purpose.

Minden is in the position of not having a fund of any kind from which to draw initial costs of a campaign like that carried on in Lindsay. Minden does not need to raise the same amount of money, and would not benefit from as expensive a campaign.

All the same, to be successful, the Minden

project will have to be furthered in a business like way. Investments will have to be made, in time and effort as well as money.

The surest way to decrease the costs of advertising a campaign or the purpose of the planned facilities is to involve as much of the community as possible in what will be a major fund raising effort.

The campaign will be more quickly successful if there are concrete plans available. This of course takes time and some money, but the Minden Committee should be in no way hesitant about furthering the scheme.

If the project is not like a big business in terms of the amount of money invested for returns, it must at least be a big business in terms of the sense of purpose behind it. The Committee should gear themselves to asking for money with confidence, since they are not asking on behalf of themselves or any other private concern. They are asking on behalf of the community, and are going to have more success with sound business sense in mind.

They have a product to sell, that product being a much needed expansion for Minden Library facilities with the added advantage of museum and exhibition space that will increase educational opportunities for all Minden residents in a very real way.

Promoting the Museum-Library could be a very profitable business, if it's run like a profit making one.

From the Chamber

by Bob Stinson

We were all shocked last week when we heard of the high mercury count in Koshlong Lake. It had never occurred to most of us that this type of a problem would ever touch Haliburton. The ministry of Natural Resources is just as shocked as the rest of us and in their opinion the mercury is probably being caused by natural causes. It should be stressed that this is the first time any lakes in Haliburton have ever been tested so, therefore, this is not necessarily a new problem but one that may have been with us all along. It should also be stressed that Koshlong Lake is not necessarily the only lake containing mercury as it and only one other were tested for mercury this past summer. We have been assured that further testing will be taking place but how extensive it will be has not been determined since this testing procedure apparently is very expensive. Think we can all assure our tourists that there is nothing to be alarmed about since the ministry has stated that the only real concern is where fish form a major part of ones diet.

A new newsletter has just been sent out by C.O.T.A. to all of our members. You will note in the centre of the newsletter a very comprehensive survey taken by the ministry of Industry & Tourism. This is the same survey that was referred to in this column some weeks back and as we mentioned before, although we were very pleased to get this information we were disappointed that the survey is almost four years

old and therefore lacks some impact. Any member who has not received copy of this particular newsletter should advise the chamber office so that we can make sure you are put on the mailing list.

We are still fighting the battle of the G-65 signs. A week ago we were contacted by Gordon Jones of the CBC Northern network for an interview on this particular subject. Gordon Jones expressed considerable concern over the issue and was also contacted by several northern listeners who were rather concerned since this is the first they had heard of it. This Monday Gordon Jones contacted Doug Jure of the Ministry of Industry & Tourism for his side of the story. We didn't feel and I don't think Gordon Jones felt that the ministry has still properly answered the question as to why they insist on removing these signs. When Gordon Jones asked Doug Jure how their overall plans were being accepted, Doug Jure replied "The reception is spotty, Central Ontario would certainly have to be the most contentious". Central Ontario is so contentious it might be advisable for the Ministry to stop and have a look and see if they are trying to fit a round peg in a square hole.

Pat Waddell of Haliburton Wild Life was good enough to send us a copy of "Great Lakes Sportsman" magazine in which Haliburton Wild Life has been written up. The article opens with a full page of colour pictures and great red letters spelling out "Haliburton for Snowmobilers is just this side of Paradise" by John Powers.

If we had gone out and spent several thousand dollars for a full page ad we couldn't have done more good for the county. We congratulate Pat for bringing this publicity to our snowmobiling area and certainly would join Pat in thanking John Powers for the excellent publicity he has given Haliburton wild life and Haliburton County.

Over in the Wilberforce area they are still working hard towards the Monmouth Arena Fund. This Friday, March 18, there is a Skate-a-thon being held by the skating club. The skating club normally retains the funds generated by the skate-a-thon but this year are turning the entire amount over to the arena fund. On April 9th the area is running their first annual maple syrup festival and flea market. There will be maple syrup making demonstrations, pancake and sausage concessions, tours of the sugar bush and a big dance in the evening. The Haliburton area is becoming well known for its fine maple syrup but this is the first time anyone has established a good festival in honour of this particular season. Let's all go over and join them for the day.

By the time you are reading this column we will be off to the big city for ten days at the Toronto Sportsman Show. If possible, we will attempt to send a column up for next week but no guarantees. We do hope that if any of you are visiting the sportsman Show you will drop around the Haliburton chamber booth (W31) and say hello to us. When you're in the big city for ten days it's always nice to say hello to someone you know.

COMING EVENTS

March 18 - Skate-a-thon, Monmouth Arena.
March 19 - Haliburton County snowmobile assoc. Snowball Dance, Carmen Peters & Rythmaires, Haliburton Legion, Bar & Buffet - \$8.00 per couple.
April 1 - Skate-a-thon, Minden Arena.
April 9 - Maple Syrup Festival & Flea Market in Wilberforce.
April 16 - Haliburton Curling Club Banquet, Haliburton Legion Hall, Dinner & Dance - \$15.00 per couple.
April 23 - Haliburton County Fair Dance, round & Square dancing by the Misty River Ramblers - Bar & Lunch - \$6.00 per couple.

Report from Queen's Park

by MPP John Eakins

Last Fall the government proposed legislation to reform Ontario's family law, to guarantee equality to both spouses with respect to the division of assets at the time of marriage break-down, regardless of who has been responsible for the acquisition of these assets.

The Family Law Reform Act, 1975, was proclaimed on July 10th of that year. It abolished the archaic common law doctrine of unity of legal personality - the fiction that husband and wife were one person in law, and that person was the husband, and provided that a spouse shall not, because of the marital relationship, be disentitled from claiming contribution or an interest in property held in the name of the other

spouse.

In December of last year, an all-party legislative committee decided to delay passage of the proposed marriage law reform bills to give interested groups more time to make submissions. Members were torn between a wish to delay the legislation to provide opportunity for public input, and concern that if the reforms were delayed they might be stalled yet again by the intervention of a provincial election. Following mounting pressure, the committee agreed to advertise for public submissions and give clause by clause consideration to the bills in committee rather than in the House where the public cannot take part in the debate.

The major proposals for consideration are:

- (1) the creation of Legislative guidelines for the sharing of family assets on marriage break-down, and in certain cases, other assets;
- (2) the creation of a new kind of support obligation on the part of each spouse to support the children of the marriage and the other spouse if he or she is in need, when the spouse from whom support is sought has the means;
- (3) the replacement of dower by the provision of rights for either spouse to remain in

possession of and to control dealings with the matrimonial home and household goods;

(4) the recognition of marriage contracts between spouses who prefer to create their own rules governing economic relations.

Ontario's current law of separate property operates to assign ownership of property to the person who pays for it.

A blend of the judicial discretion and deferred community systems results in what may be called the family assets approach. Family assets, that is property ordinarily used or enjoyed by members of a family for shelter, household, transportation, education, recreational, social or aesthetic purposes, would be shared equally unless the judge exercised his discretion along statutory guidelines to vary the share of family assets, or in unusual cases, to divide other assets.

Each of these possible alternatives would apply only in the absence of a marriage contract.

In essence, the proposed legislation places the onus of responsibility for the support of children on both partners equally, and provides that in common-law situations which have been in existence for two years, both parties have the same rights as married persons.

Glen Dart-Minden wins 2

Haliburton came up with only two wins in the Glen Dart Memorial Hockey Tournament held Saturday afternoon at the Dysart Arena.

Haliburton Midgets downed Ops 5-0 the pee wees came up with a 4-0 win over Wilberforce.

In the Bantam division, Wilberforce downed Haliburton 4-3. Minden won the Atom B division 3-1 over Haliburton, Wilberforce won the novice I division 3-2 and Minden took the novice II division 3-0.

In a special tyke game the red team beat the blue squad 2-1.

Scoring in the tyke game were Ronny Perrin with two for the red team and Erin Nicholls picking up the blue team's goal.

In the Novice II division Glen Hall scored all three Minden goals. Shane Burch picked up as assist on the first marker.

Andrew Burke recorded the shut-out.

Mike Rutter counted all three goals for Wilberforce in the Novice I division while Robert Thibideau and Jeff Popple scored for Haliburton. Paul Kuno picked up an assist for Haliburton in the game.

In the Atom B game Jack Prentice, Jeff Howe and Mike Gorveatt scored for Minden. Len Johnston scored the only Haliburton goal with an assist going to Rod Sisson.

Carl Rowbotham led the way for Haliburton in the pee wee division, scoring two goals. One goal was assisted by Shane Yateaman and the other was assisted by Paul Vuksic.

Other Haliburton scorers were Vuksic and Jim Bird from Janet Barry.

In the Bantam Division wilberforce got two goals by Ben Mathews, one unassisted and Jamie Rogers helping on the other, in coming up with a 4-3 win.

Sunday a day full of wins

Three of Minden's Tri - County teams played home games Sunday and came out

Following the 17-3 Ronald Wrightman Pee Wee victory over Omeme, the Tri - County Bantams beat the team in their division from the same town by a respectable 2-0 lead.

Luther Crego was the first to score for Minden and Charles Austin found the net to put the second mark on the Minden side of the scoreboard.

The Bantams play Thursday in Ops against Little Britain, continuing their round robin consolation playoff series.

McKnight's Shell Midgets took Fenelon Falls by adding

up 4-1 over their opposition.

Al Clement, Grant porter and Kirk Bull scored to make the total 3-0 for Minden before Fenelon managed to find the net.

Kim Hamilton scored on an open net to make the final count 4-1.

Along with the O.M.H.A. Minden Atoms, the Tri - County Midgets are the only team still playing regular league playoffs.

The Midgets will play their next home game Sunday, at 6:00, against the winners of a series still undecided between Canington and Beaverton.

The Bantams play next on Thursday in Ops, against Little Britain, and will also host a game Sunday.

Bancroft Bantams take championship in Minden Saturday

Minden wins consolation in Bantam B tourney

Atoms set for finals

With a win on Sunday, the Minden Yake Electric Red and White Atoms have won their series against Ops by three games to one, suffering their only loss of the season Friday night.

In the third game of the series, played in Minden, the O.M.H.A. Minden Atoms went down to Ops by a final score of 3-1.

The scoring opened in the second period as Minden's Scott Yake fired in the first goal assisted by Scott Hamilton just 12 seconds into play.

Ops was kept away from the net until the third period, when at 1:16 Ops captain, Tim Siddle, assisted by Donnie Quackenbush, scored a tying goal.

Bill Quackenbush scored for Ops at the 7:05 mark and Don Quackenbush and Siddle again teamed up to score the final goal with six minutes to go.

Minden was handed out a total of eight minutes in the

box. Ops took 10.

Sunday, the Minden Atoms travelled to Ops to reverse the score and take the playoff round.

The 3-1 match was scoreless until Scott Yake found the net one minute into the second period, with an assist going to Kevin Warburton.

Minden pulled ahead to a two point lead in the middle of the third frame as Scott Hamilton picked a corner of the net on a play from Doug Schell and Paul Walker.

Ops managed a goal with just 56 seconds remaining in the game on an unassisted shot by Tim Siddle.

With only five seconds on the clock, Minden's Scott Hamilton got his second goal of the game, letting the puck fly into Ops empty net.

That clinched the series for Minden. The next step in the playoffs has not been settled Minden may face a round robin with Bobcaygeon and Fenelon Falls, or may receive a by into a final round with the winner of a series between the other two teams.

Minden will play at home Friday at 7:00 if the expected round robin is set up. Watch the arena for announcements.

Bancroft takes tourney

Bancroft Bantams scored three goals in each of the first two periods and four more in the third period to come up with a 10-2 win over Fenelon Falls in the Bantam B tournament in Minden on Saturday.

Fenelon Falls' only two goals came within two minutes of each other midway through the second period and for a while made the score close, 4-2.

Last minute goal gives Minden Bantams victory

A goal with only 29 seconds remaining in the game gave Minden Bantam B's a 2-1 win over Cannington and the consolation championship in the Bantam tournament played in Minden Saturday.

Minden got on the score-sheet first when Charles Austin scored from Joey Graham at 6:21 of the first period.

Cannington evened the count midway through the second period when Kevin

McGuire scored from Brian Thompson.

Good goaltending by Minden's Stan Baker and Cannington's Jeff Dewolde set the stage for the winning goal in the dying seconds.

Austin got credit for the goal with assists going to Pat Waite and Ward Crego.

A total of 13 penalties were called in the game with seven going to Cannington.

In the second game of the tournament Minden picked up two goals in the first

period, one in the second and two in the third to down Omemee 5-0.

Austin and Crego led the way in the first period scoring goals. Cameron Monk assisted on the Austin marker and D. Stribling and Luther Crego assisted on the Crego goal.

Austin picked up the only goal of the second period on a play from Warren Mann.

In the final period Ward Crego scored from Paul Northey and Joey Graham

was credited with a goal from Rick Beeney.

Minden's only loss of the tournament came at the hands of Fenelon Falls 6-2.

Fenelon built up a 4-0 lead before Minden was finally able to get on the scoresheet midway through the second period. Ward Crego scored from Stribling and Northey.

Crego was also credited with the final goal for Minden in the third period from Northey.

The Minden Bantam B's picked up a goal late in the final game of the consolation championship to down Cannington. In the first game (shown in the

picture) Minden went down to defeat at the hands of a team from Fenelon Falls. Fenelon advanced to the finals only to be defeated by Bancroft.

Pearl Foster tops Tuesday Combines

Pearl Foster once again came out high in the Tuesday night Combines bowling standings, March 8, leading the way with a triple of 782, from games of 250, 245 and 287.

More than a hundred points behind, next in line was Millie Beatty, who bowled 253, 230 and 190 for a high triple of 673. Third in the standings was Art Beatty with 223, 219 and 211 for 653.

Bob Patton rolled 253, 213 and 181 for a triple of 647, followed by Mabel Medcalfe

with 217, 224 and 198 for 639. Marnie Bunn had 239, 162 and 237, for 638, David McKinlay, 204, 253 and 147, for 604, Bill Cowan 281, 170 and 153, for 604 and Lil Gorveatt 229, 178 and 194, for 601.

High singles were registered by Georgina Bolen, 276, George Bunn 256, Gail Medcalfe 234, Ken Piper 224 and 211, Danny Harding 223 and 200, Annie Jones 208 and 206, and Verna Sawyer 205.

Sooners lead series

The Sooners take a good lead in the last series by blanking the Jets as did the Fonzie's over the Floozies. The Flyers and Hall-e-Hawks split leaving the team standing - Sooners 28; Fonzie's & Floozies 17; Jets 16; Flyers 15 and Hall-e-Hawks 12 points.

Art Beatty led off the high triples with 737 (275,236); Jean Foster 722 (278,249); Linda Morrison 699 (258, 225); Harry Henderson 667 (308); Gord Everall 663 (248,237); Fran Woods 634 (254, 245); Joyce Griffin 633 (212,211); Norma Hodgson 601 (232).

Single Games over 200 were Marlene Nimigon 227; Norma Jean Scheffee 224; Ev Stata 216, 207; Fred Brittain 214; Rose Brittain 211; Norma Parish 210; Gerry Pinch 200.

Zone Round of the Thomas Adams National Classified Tournament will be bowled at Fenelon Lanes Sunday, March 20th at 1 p.m.

Novice tourney scheduled for Sat.

Novice hockey players from five centres will meet in Minden, Saturday for A and B division competition.

The eight teams of players aged six to eight years will play two games a piece, beginning with Minden and Haliburton A division at 8:00 a.m.

At 9:00 a.m., Minden's B division players will take on Bobcaygeon.

There are four A and four B teams participating, Haliburton, Fenelon Falls, Minden and Bracebridge teams will be playing to win the A division Austin's Esso championship trophy. The consolation A division winners will receive the Eric Coulter Memorial Trophy.

Bobcaygeon, Minden, Bracebridge and Fenelon Falls have also entered B division teams who will be fighting for the Prentice Roads Championship trophy and the Bill Porter consolation trophy.

Although young in years, these hockey players have had lots of game experience this season, and as minor hockey winds to a close, for another winter, their efforts are paying off. Come and see the up and comings.

Bantams take tourney consolation with close 2-1

The Minden Bantam B's dropped their first game of a tournament played at the Minden Arena Saturday but went on from there to win two more and take the Consolation Championship.

Bancroft Bantams scored a total of 24 goals in three games to take the championship division.

Minden made it to the consolation championship after losing to Fenelon Falls 6-2. Minden downed Omemee 5-0 in the second game and then squeaked a

2-1 win over Cannington in the finals.

Bancroft downed Cannington 4-0 in their first game, then beat Uxbridge 10-3 in the second round and finally downed Fenelon Falls 10-2 in the finals.

In other first round action Lindsay downed Omemee 6-2 and Uxbridge downed Ops 2-0.

In other second round action Cannington beat Ops 3-1 and Fenelon Falls beat Lindsay 6-3.

Hornets lead Maple Lake Bowling

Harry's Hornets are still on top although Ron's Rollers took one game off them. Audrey's Angels couldn't get off the ground and Ev's Avengers swept over them for 7. Wess's Gassers got refueled and cleaned out Dan's Dynamos.

Team standings at end of 5 weeks, Harry's Hornets 29; Ev's Avengers 26; Ron's Rollers 16; Audrey's Angels 14; Dan's Dynamos and Wess's Gassers 10 points.

Tim Hughes was the big gun for the night with 750 (284, 275); Harry Henderson 746 (306, 224); Ed Cox 733 (256, 244); Cliff Burke 733

(289, 226); Ronnie Robinson 703 (256, 250); Ev Stata 699 (262, 226); Fred Cox 690 (249, 223); Dan Harding 689 (263, 252); Wes Stata 688 (253, 249); Marnie Robinson 652 (249, 227); Dorothy Ann Robinson 628 (253, 205); Ron Robinson 624 (243, 217); Martha Harding 605 (226, 208).

High single games: Walt Ackerblade 243; Rick Harding 217; Marlene Cook 216; Loretta Henderson 215; Wendy Kirkpatrick 206; Garth Henderson 205; Barb Fountain 204; Albert Cox 202.

HALIBURTON COUNTY BOARD OF EDUCATION

FINANCIAL STATEMENT

December 31, 1976

TO THE HALIBURTON COUNTY BOARD OF EDUCATION

We have examined the Balance Sheet of the Haliburton County Board of Education as at December 31, 1976, the Revenue Fund Statement of Operations and the Capital Fund Statement of Operations for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these Financial Statements present fairly the financial position of the board as at December 31, 1976 and the results of its operations for the year then ended, in accordance with accounting principles generally accepted for Ontario school boards applied on a basis consistent with that of the preceding year.

(b) Fixed Assets

Fixed Assets are charged to current expenditure unless financed by long-term debt. Principal and interest charges on net long-term liabilities are included in expenditure in the period due.

2. RESERVE FOR WORKING FUNDS

The reserve for working funds at December 31, 1976 is applicable to the elementary and secondary school operations of the board as follows:

Elementary	\$ 82,000
Secondary	<u>118,000</u>
	<u>\$ 200,000</u>

3. LIABILITY FOR SICK LEAVE BENEFITS

Under the sick leave benefit plan, unused sick leave can accumulate and employees may become entitled to a cash payment when they leave the board's employment.

These accumulated days, to the extent that they could be used to determine the cash payment to an employee on terminating, amount to \$243,100. No provision has been made on account of the sick leave benefit plan.

4. NET LONG-TERM LIABILITY REPAYMENTS

Of the net long-term liabilities outstanding of \$1,823,500 principal amounting to \$571,500 plus interest amounting to \$586,388 is payable over the next five years as follows:

	Principal	Interest	Total
1977	\$ 123,800	\$ 133,755	\$ 257,555
1978	110,600	125,149	235,749
1979	113,000	117,367	230,367
1980	122,100	109,372	231,472
1981	<u>102,000</u>	<u>100,745</u>	<u>202,745</u>
Total	<u>\$ 571,500</u>	<u>\$ 586,388</u>	<u>\$ 1,157,888</u>

5. ANTI-INFLATION ACT (CANADA)

Under an agreement between the Government of Ontario and the Government of Canada, authorized by the Anti-Inflation Agreements Act (1976), remuneration paid by an Ontario school board to its employees is subject to the provisions of the Anti-Inflation Act (Canada).

6. PRIOR YEARS' ADJUSTMENTS

The 1975 over-or under - requisition position of the various municipalities has been adjusted to give effect to a ruling by the Ontario Municipal Board issued on May 4, 1976 in regard to the 1975 apportionment.

The 1976 apportionment has also been appealed. No decision has been received to date.

Livestock producers seek veterinarian

A representative of the Ministry of Agriculture will be discussing a request by the Haliburton County Livestock Producers Association for a government subsidized veterinarian in the Haliburton county Area.

Dr. Coleman will be speaking at the monthly meeting of the Association which will be held March 23 at 7:30 p.m. at the Minden Community Centre.

The association has pointed out that there is a need for a veterinarian in the area to handle calls to local farms.

A release from the association states "For all livestock owners this is an important item because right now we have to wait hours for a vet to come from Lindsay, if he will come, in that time our horse or cow could be dead."

It points out in the release that all interested persons are invited to attend the meeting.

Minor Hockey wind-up

The end of the minor hockey season in Minden is in sight, with all but two teams out of regular playoff action. Hockey won't be over however, until there is one final weekend, topped off with the Annual Hockey Bash, Saturday, April 2 at the community centre.

The dance is designed to give everyone a chance to have a good time after all the season's work is over. It is also a major fund raising event for the heavy costs of operating the minor hockey program, and the executive hopes to sell all of the 100 tickets to be made available for the dance.

Minor Hockey depends on fund raising such as Skate-a-thons, dances, raffles, bake sales and outright donations for its continuation. It has also drawn heavily this year upon the energy and resources of its six man executive, most of whom have coached, managed or managed a team in addition to planning each tournament and arranging all the games.

The executive, headed by Ross Warburton, is made up of Joe Cox, Al Arbuthnot, Gene Newell, Gary Warburton and Leroy Nesbitt.

Enrolment this year hit a record high of 165 players, all of whom had to be kept in order by some one, and the six executive members did a lot of the work. To those coaches and managers who have given so much of their time, a lot of thanks are due.

from page 3

Signs can stay

promotion and information branch, was asked to clarify what seemed to be a misunderstanding about the actual fate of the existing signs.

Mr. Bowdery noted that the Tourism Ministry was willing to let the signs stand, but without government subsidy.

He explained that as a part of "our overall tourist promotion program, that food, fuel and accomodation signs are more important", and that individual regions would be outlined in a travel encyclopaedia to be distributed to visitors.

On behalf of the Haliburton Highlands and along with other area tourist councils within the Central Ontario Tourist Assbciation program being established by the province, Mr. Stinson has objected to the removal of the G-65 signs, on the grounds that they are a very real way of noting and maintaining the identity of the individual region.

According to both the MTC and the Ministry of Industry and Tourism, however, those signs are to remain standing "until they become unsightly", Mr. Bowdery said. They will not be taken down only to put individual Tourist Councils in the position of "putting up new signs at this cost".

21 goals for Tri-County Pee Wees

The Ronald Wrightman Tri-County Pee Wees had a winning week, playing to a 4-2 victory Thursday, over Cannington, and then to an amazing 17-3 lead over Omemee Sunday, in Minden.

Thursday's game, the first in the eight game round robin consolation tournament, that the team is playing, saw Craig Coneybeare heading the point count, with three assists and a goal to his credit.

Paul Silvers put the first mark on the scoreboard at 7:34 of the first, assists going to Coneybeare and Rick Cooper.

With only 2:26 remaining in that period, Dwayne Warburton scored on a play from Coneybeare and Wade Barry.

Barry picked up the puck for the next goal at the 5:26 mark of period two, bringing the score to 3-0 with assists to Coneybeare and Andy Pristol.

With 6:32 remaining in the game, Craig Coneybeare took scoring honours on the final Minden goal, unassisted.

Cannington found the net twice in the last minutes of the match, but left Minden with a solid 4-2 lead as the teams headed for the dressing room.

Sunday in Minden was a good day for all Minden's teams, but the Ronald Wrightman Pee Wees won in the biggest way. The 17-3 lead over Omemee was not to be expected according to Minden's regular season wins over the opposing team, when the lead was never as great.

Rick McGee and Craig Municipality agrees

Anson, Hindon and Minden Reeve Reg Booth feels that the municipality is in need of a proposed subdivision.

Len Burch and Don Hall were at last week's meeting of the council with their proposal for a subdivision to be located about one mile out of the village of Minden.

The council agreed to send a letter to Queen's Park saying they are in favour of the plan.

Car lot

There were no objections from Anson, Hindon and Minden Council on the establishment of a used car lot in Minden, but on councillor, Allan Coneybeare thinks there will be "some flack" from residents.

Ron Gambell, approached the council last week with his intention to start operating a used car lot on the corner of Bobcaygeon Road and Ord Street.

Coneybeare shared the top scoring honours with three goals and two assists apiece.

First period goals were scored by Rick McGee, assisted by Craig Coneybeare; Brett Porter, assisted by Brent Anderson; McGee, his second success, from Jack Burk; Wade Barry, Minden's fourth goal, unassisted; Paul Silvers scoring from McGee; and with just 15 seconds in the first remaining, Porter from Barry.

After an early second period goal by Minden's Coneybeare, assisted by Andy Pristol, Omemee made two marks on the scoreboard

at 3:59 and 6:28.

Andy Pristol answered with an unassisted shot that bypassed the goalie at 10:29. Seconds later, Barry scored from Coneybeare, leaving the last period two goal to McGee who brought the game total to 10-2 unassisted.

In the third period, Rick Cooper made the first move for Minden, scoring with an assist going to Claude Crego at 3:27.

Coneybeare helped by Stan Brown and Dwayne Warburton, assisted by Porter, put in two quick goals. Nearing the 5:00 mark, Crego, assisted by

McGee, added one more before Omemee again broke through for their final point.

Three unassisted goals brought Minden's final total to a whopping 17-3 as Silvers, Crego and Coneybeare put shots between the pipes to wind up the win.

The Tri-County Pee Wees played Tuesday in Cannington and will come up against Sunderland in Minden.

Thursday at 7:00 for the third and fourth games in the series.

They will also play an away game with Little Britain in Port Perry on Saturday, and will host Little Britain Sunday at 4:30.

Rotary exchange

A personal touch of Australia

It usually takes personal contact with someone from another country to teach most people that even though communities may be thousands of miles apart, they are very close in one important way. The people are the same.

Linda Danvers, of Bacchus Marsh, Australia, knows this very well. She has come to Minden as a Rotary exchange student, participating in a program that is designed to bring countries closer together by introducing people to each other. Through an exchange of ideas and by taking the students into their homes, Minden is linked to a wider world than it knew first hand before.

Linda is presently living with Dr. and Mrs. Len Burch and their son Sean north of Minden, the first of the four families with whom she will stay during the year that she will be in Haliburton. After three months with the Burch family, Linda will join Robert Penfold, Don Hall & Al Coneybeare and their families for three month periods.

Next to the snow and the accents, Linda says, the people in Haliburton are the same as the people from her town in Australia, 30 miles west of the major centre of Melbourne. Bacchus Marsh is a town of 6,000 persons, and although larger than Minden, Minden still reminds Linda of her home.

The one main street, the friendliness of the people the community atmosphere, are all much the same.

Bacchus Marsh, she explained, is separated from Melbourne by an elevation of land, and although some, like her father, commute to the city to work, the town is fairly new and growing on its own, still retaining its small town atmosphere, in a dairy and market gardening district.

People here eat the same foods, watch the same programs on television and have much the same standard of living as Australians Linda said. Both countries have a fairly stable base. Linda noted that the French Canadian separatist issue is not a type of the problems the Australian government has to deal with, but pointed out that both countries founded alike on the British commonwealth system, have similar political structures. Australia also has debates similar to ours on the issue of constitutional reform and the monarchy.

"The snow, that's a lot different," Linda says, and you can tell by the way she speaks that she means it.

She laughs about the snow, and seems thoroughly delighted with the new experience. She has now skated, snowmobiled, skied, made snowmen, had snowball fights, taking up in one season all the winter activi-

ties that we have grown with and taken up over the years.

She also sparkles when she speaks of the dance that made her a Carnival Princess at the Haliburton Winter Carnival, a true baptism into winter activities in this part of the country.

At her home right now, the temperatures are ranging from 40 to 45 degrees Celsius. In the winter months, when we have summer, temperatures go down to about five degrees Celsius. There is no snow in Linda's part of Australia, except on the mountains. The snow is a lot different.

Sports, too are of a different variety, Linda noted, that there are many more sports here than in her home, where tennis, cricket, netball and Australian rules football, not played anywhere else in the world, can be played all year. Her own favourite is tennis. There are more sports here, perhaps, because of adjustments made to the changing seasons.

"What does she think of snowmobiles?" "They're bumpy, they go fast, and they fall over," Linda says with a hint of dislike still smiling. You can tell she has enjoyed trying them out.

Linda has completed form five in her own school system the second to last year at the high school level. She finds the standard of education here on a par with

that in Australia, although this surprised her. She noted that from everything that she had heard Ontario had a low standard of education, but says that she finds the standards good at least in Haliburton and the schools disciplined and organized. She is taking grade 12 at Haliburton Highlands Secondary, mixing in grade 10 and 11 subjects that deal with Canadian studies that will give her more information about this country.

Chosen by Australian Rotarians after a round of interviews for her general knowledge of Australia, as well as for her ability to handle herself in different situations and take a good image of Australia abroad, Linda will find herself speaking to several groups over the year, answering questions on her own country. She has already spoken to Minden Rotarians, and given a slide show of her country. She will also be giving a series of talks at the high school.

Asked what she thinks of the kind of questions that have already been put to her concerning Australia, Linda said that she finds they have been very knowledgeable, again a pleasant surprise. She explained that she had expected people to ask questions like "Do you ride kangaroos to school?" since a friend of hers was once faced with answering a string of similarly uniformed questions when visiting in the States.

That is all part of the Rotary idea. We will learn more about Australia, perhaps by asking some unintelligent questions now and then, although no one

needs to feel awkward about approaching Linda. She says everyone has been very friendly to her, and it is no wonder, because she is open and friendly in return.

Stanhope sets budget hike at 9 per cent

Stanhope council met Monday to set the 1977 general budget at \$129,650 with an additional \$57,000 to be raised on the mill rate for road purposes.

The budget represents approximately a nine per cent increase overlast year's figures.

No capital expenditures are included in that amount this year. Any capital costs are expected to be covered by grants that the municipality hopes to receive for capital needs.

The \$57,000 from the Stanhope ratepayers, for road purposes, will be matched by a Ministry of

Transportation and Communications subsidy of about \$138,700, bringing the total road expenditure for 1977, in Stanhope, to \$198,000.

Stanhope receives 70 per cent subsidy on maintenance of roads and construction, and 80 per cent subsidy for construction and maintenance of culverts and bridges from the MTC.

The road program last year included capital expenditures that will not have to be borne again this year. Funds will be directed to other road programs in the municipality.

Dr. Len Burch's household is presently increased by one. Stella Burch, Linda Danvers, Dr. Burch and son Shawn are now a family group, thanks to the Rotary exchange program. Linda is an exchange student from Bacchus Marsh, Australia, who has been staying near Minden experiencing her first winter with snow. The Burch family is the first of four in Minden who will have Linda stay with them during her year in Canada.

Chatting with Irene

286-1674

I do hope you have enjoyed the first part of March, as much as I have. When the weather is ideal I feel like opening all the windows, and letting all that fresh air in, then my other self says 'Irene don't be foolish' it is still March, and think of all those March winds and the snow we still could get. My reply is OK but it will soon be Spring, so what will stop me then?

Had a nice chat with Jeff Campbell and he said that they had a wonderful holiday in Florida, so I guess they brought the nice weather with them.

I'm very pleased with the number of people who were going to try Grandma's Doughnuts. I will try to give you some more soon.

Before I forget the Fair Booth Committee have postponed their DANCE until April 23, because of the school break in March.

You know I haven't received any phone calls since I took on this column. I can't do it all by myself, you have to help.

How many of you have Plants? I have found that by saving my egg shells and that by soaking them in a large jar of water, then watering the plants with the water minus the shells, the leaves will shine more and any blossoms will become brighter. Replenish shells and water after each use.

I was chatting with Grant Porter the other day and he tells me that he is going to Peterborough the first of the week to have his interview to join the Armed Forces. That made me stop and think. Paul Fleming I hear has received his call, and leaves this week.

I sat down and tried to think of all our boys who are making the Forces a Career, or have joined recently. Jim Dawson, who says he's now too old to fly (Boy I must be getting old for I knew him when he was in short pants). Stafford Yearwood, Harry Austen, Garnet Moore, Dennis Moore, Jim Pringle, Chris Pritchard, (who used to say as I walked home from work) "Moore got any gum", Wayne Harrison and now the two I first mentioned. Have I forgotten anyone?

On April 2, the Minden Minor Hockey Executive are having a Hockey Dance to kind of round off the season. Details next week. It sure has been a long Hockey season. It is not over yet, as the best is yet to come, the Novice Teams host a Tournament on Saturday, March 19th, and if you want to see Hockey played in earnest, do come out. You will have some good laughs, but don't under estimate these teams they can really play and it is good clean fun.

I attended the Library-Museum meeting last week, the ideas were good and as they say it isn't on the tax bill, but I was always taught to crawl before I walked. To me the Library comes first, as we are soon going to have to put the Librarians outside to make more room. I also think the Library should be in the town, not halfway to the Arena.

By the way some Ladies are making Barbie Doll clothes for a Barbie Doll, which will be raffled during the summer, but we have run into a snag, we cannot find any Mohair or angora yarn to make capes. We need white but will gladly accept any odds and ends you want to get rid of.

OLD NOVA SCOTIA RECIPE

Oat Cakes

3 cups rolled oats 3 cups flour
1 cup sugar ½ tspn. salt
2 cups shortening ½ cup water

Combine dry ingredients in large bowl. Work shortening in with hands until dough is manageable. Moisten with cold water. Roll, not too thin, using rolled oats on board to prevent dough from sticking, cut as desired. Bake in 350 degree oven for 15 minutes.

FORECAST

Weather maps are quite a hurdle,
strangely crafted and designed;
I resent them when a word'll
bring me perfect peace of mind.

Highs and lows and fronts and arrows
Pressure points and warming belts -
all this talk is for the sparrows,
I'm confused -- and nothing else.

Hence, good weather map depicior
you who chart and mark and plot,
Be a simple, brief predictor --
Is it going to rain or not?

From "Time for a quick one"

Adios until next week, and take care now

The Recorder Family

Spring means maple syrup

For the last five or six years, spring has meant that grade eight students of Archie Stouffer Public School, in Minden, have been able to take to the hills for a very special purpose.

Under the dedicated direction of their teacher, George Burley, pupils have been making as much as 20 gallons of maple syrup each spring from the sugar bush located on a rise behind the school.

Almost 60 trees have been tapped already this year, with operations beginning last Friday and the first boiling down done Monday. 10-15 gallons, partially boiled Monday, are

an early promise of this year's success.

Mr. Burley noted that there are 500 trees that could be tapped and that this year, they would like to expand operations and gather sap from as many as 200 trees.

The students have only about a dozen pails for the collection of the syrup, and although they have turned in part to more modern methods of sap collection, using piping methods, the old way would still be the best in this particular case, Mr. Burley said. Apart from the experience that the old method affords the students,

the trees in this sugar bush are too far apart to make piping practical. The lines sag and can freeze, making the tried and true spile and pail as needed as ever.

Each afternoon for about a month, the grade eight students of the school will be signing themselves out to head to the bush, stoke the fire, and oversee the boiling down of the sap that begins to collect as the days warm.

The boiling down often takes the students, and Mr. Burley, a long way past bus time, as they have sometimes worked together as late as 1:00 a.m. on boiling down a days sap.

Mr. Burley noted that the sap is not running well at present. It is actually too

warm he said, even though spring has just appeared and sugaring seems sudden.

Anyone who has buckets or pails, of any size, could help the students a great deal by contacting the school and offering to loan the only type of equipment that is needed for a successful month of sugaring. Mr. Burley reports that they have all the spiles required, but do need more buckets to be able to gather the amount of sap that is available in the sugar bush.

At Archie Stouffer the students don't have a chance to gaze out of the window at the changing season. They are right outside taking advantage of what the season offers.

Scout Happenings

The Ladies Auxiliary of the Boy Scouts held a rummage Sale at St. Paul's on Saturday, March 12th. The Ladies were very pleased with the amount of "rummage" donated and collected and were able to increase the Jamboree Fund by a further \$60.00.

The Beaver Leaders are to attend a "Sharing Session" and will attend a Beaver meeting at Bancroft on Wednesday, March 16th. It will be interesting for them to see how other Beaver colonies operate and perhaps they will get some new ideas for their own Colony.

An overnight campout is tentatively being arranged during the Spring Break for the Scout Troop. They figure they will need lots of practice before heading for the Jamboree in P.E.I. this summer.

We notice that Mr. Jerry Pillsworth, of Stedman's Store, has a huge jar at the checkout desk for donations for Scouts and has stated that he will match any donations in the jar - thanks Mr. Pillsworth - wish more of the merchants were as interested! - we sure could use the funds.

h.h.s.s.

by Becky Davidson news

On Monday, March 7, the graduating four year students were able to see a slide presentation of the Creative Job Search Programme from the Canada Manpower's Outreach Office in Haliburton.

The end of the month results for the 50-Mile Club are Miss Keohler - 49 miles, Becky Davidson - 30 miles, Mr. Brohman - 25 miles, Mr. Oakley - 25 miles and Mr. Lerpiniere - 21 miles. The club's totals for the past four months are Miss Keohler - 184 miles, Mr. Brohman - 145 miles, and Mr. Oakley - 105 miles. Mr. Lerpiniere has accumulated 85 miles in three months. New members for the coming running month are Tim Bain, Karen Bell, Paul Cummings, Kirk Potter, Mike Scheffee and Judy Trumbull.

The A3 History students are involved in a drive to raise money for their three day trip in which they will visit prehistoric earth mounds in Ontario this Spring. These students are willing to do odd jobs at the minimum wage. If you would like any odd jobs done, please phone the school at 457-2950 between 3:05 and 3:30 on school days and ask for a History Project Ontario Secretary. This person will record your job description, and Mr. Frank Wallace, their supervisor, will phone you back to discuss the details. Please support these students who are making such a great effort to attain their goal.

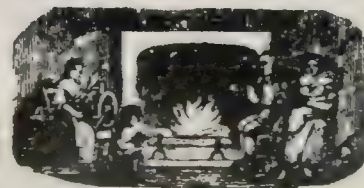

The grade 11 Theatre Arts class, under the capable direction of Miss Philp presented a comical review of various television programmes and commercials entitled the Dummy Awards. The Bong Show, Larry Smartman, Larry Smartman, and Charlie's Devils were featured. Raquel Squelch, Phyliss Diller, Ava Glamour, Guy Smiley, and Boy Rogers were on hand to present some of the awards. The Bong Show panel starred Slinger, Happy Cooker and the Funz. The students did a great job of writing and producing all of the skits. The entire performance was enjoyed by the students who saw it.

Ontario Career Action Program

- Out of school?
- Looking for work?
- Lack experience?
- At least 16 but less than 25?

The Ontario Career Action Program (OCAP) provides work experience to help you land that all-important "first job."

OCAP includes on-the-job training plus a gross allowance of \$100 per week for up to 26 weeks. The aim is to provide practical work experience and guidance to enable you to find employment in private business or industry.

To apply, fill out an application form at your local Canada Manpower Centre. Final selection of applicants and allocation of training assignments will be made by the Ontario Ministry of Colleges and Universities.

Dr. J. Gordon Parr, Deputy Minister

Norland Notebook

By Barbara Maunder

454-3233

On March 2, Norland Members of King George V Lodge of the Masonic Order enjoyed a sumptuous banquet in Lions' Hall, Coboconk, served by the Lion's Ladies and ably assisted by several Lions. Following the dinner a service of dedication was held in the new temple conducted by Grand Lodge officers. The time during the early summer of 1976, is now completed and practically free of debt. King George V Lodge Members are justifiably proud of their new building.

We now have our traffic light overhead at the corner of Highways 503 and 35. The light flashes amber north and south and red east and west. Power line contractors were busy digging and installed the posts at the north-west and south-east corners last Wednesday and Thursday. Let's hope this installation will make more motorists aware that highway 503 is not a through road.

Philip Bryant, youngest son of Mr. and Mrs. Neil Bryant suffered facial injuries in a car accident in Oshawa recently. He was released from hospital but had to return, because of severe nose hemorrhaging. Hope you will soon be well, Phil.

Norland Bowling, Team Standings as of March 9. Bill Lee 29, Harry Smith 28, John Beachli 28, and Fed Patullo 27 points. Ladies High single and triple - Norma Herbert 233, 657. Men's high single and triple - Doug Boyce 245, 574.

Mrs. Ernie Bartley and Mrs. R. Vanderlip have returned after enjoying a holiday in Miami Beach, Florida. Thanks for bringing some of that sunny, warm weather back with you, Ladies.

Ross Bryant is certainly not lazing at home with his broken leg. These nice Spring days, Ross is hopping about on his crutches and getting around very well. No doubt this way, time will pass more quickly for him.

Did you hear about the man who went to his doctor with shingles and the doctor prescribed aluminum siding?

Last Monday, near the narrows of Scrabble (Digby) Lake Fred Patullo and Roy Bryant placed a bronze plaque in memory of a long time Black Lake cottager, Frank McElwin. While fishing with his wife and friends, Mr. McElwin suffered a heart attack and died last summer on the trail to Scrabble Lake. He was born in Gelert and lived most of his life in Lindsay where he worked for the railroad. The plaque reads "In Memory of Frank McElwin who died in the country he loved so much from his many friends of Black Lake."

Mrs. Enid LeCraw after holidaying in Florida and Bermuda, visiting in Montreal and Toronto is back at her home in Norland.

Because so many outboard motors have been stolen, the Coboconk Detachment of the OPP are presently checking models and serial numbers of motors in storage at various marinas in the area. If a motor's model and serial number match a reported stolen one, it is impounded by the Police pending further investigation.

Miss Audrey McKim, former United Church Missionary, and now with the Division of World Outreach will be guest speaker at the Annual meeting of Lindsay Presbyterian United Church Women at Cannington United Church on Wed., March 30. Theme of the meeting is World Concern - Our Challenge. Registration is at 9:15, lunch will be served at a cost of \$3.00 and all ladies are welcome to attend.

OAT BARS

Easy to make, keep well and can be frozen.

½ cup quick rolled oats ½ cup brown sugar
¼ cup corn syrup ½ cup melted margarine
½ cup cocoanut 1 teaspoon vanilla

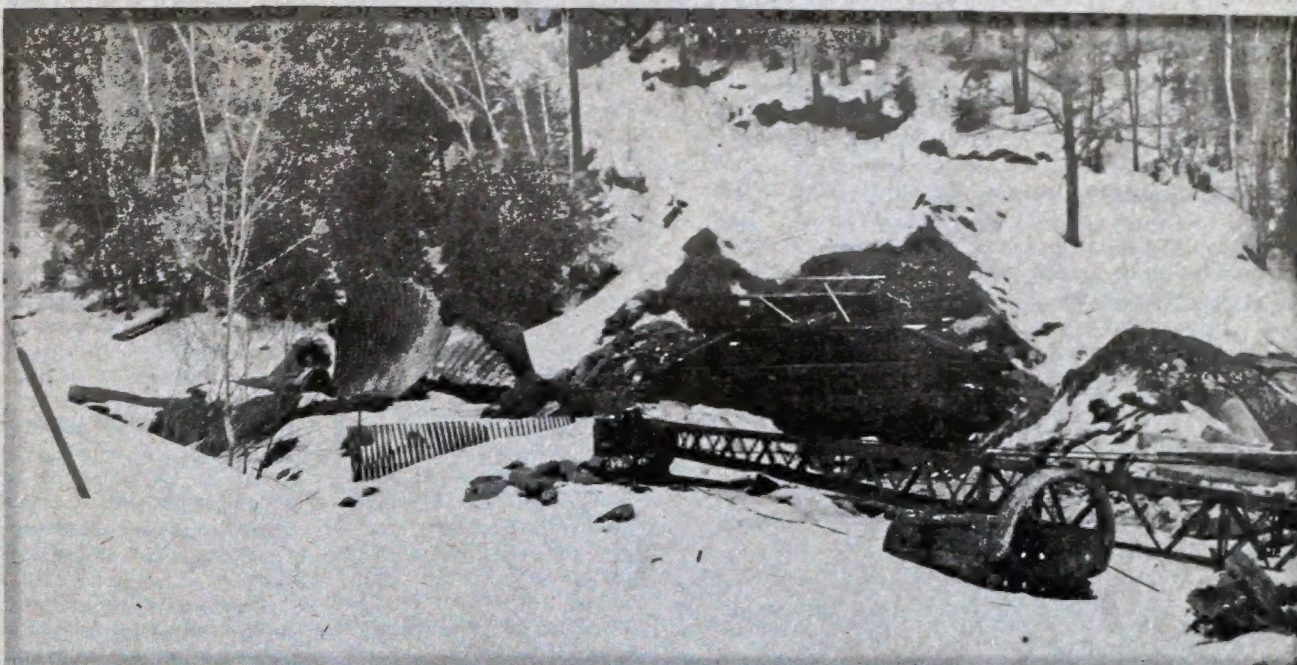

¼ teaspoon salt

Mix together, pack mixture firmly in greased 9 inch cake pan. Bake 350 degree oven about 20-25 minutes until lightly browned. Cool and ice with chocolate icing.

HELPFUL HINT

Those plastic mesh bags in which onions are sold make excellent pot scrubbers - safe for teflon, too. Just fold the bag and tie with heavy nylon thread.

The Recorder District News

The twisted metal of the collapsed culvert-causeway at Big Hawk Landing where three people were killed last May as the structure collapsed was taken out of the waterway in December, and the first

timbers of a new bridge were into place by the end of January. The bridge is a private project of cottagers who live on the private road that extends past the landing.

Grant possible for Legion

The Kinmount Legion just might be getting a grant from the united townships of Galway-Cavendish.

Albert Crego, president of the Legion, told the council Saturday that the Legion always got a grant back from

the township after its taxes were paid. He pointed out that this practise stopped over the last four years.

Reeve Carl Brickman asked Mr. Crego for some kind of financial statement from the Legion. Mr. Crego noted that the Legion is always in the black, although it is non-profit.

He pointed out that a great deal of the money raised by the Legion is used in a number of worthwhile causes throughout the village and its surrounding

area.

Reeve Brickman said that he feels the council should support the Legion and asked Mr. Crego for a formal request for a grant.

"The Legion is an asset to the community and we are fortunate to have it", Reeve Brickman stated.

He pointed out that it might be possible for the townships to come up with a grant of about one-third of the Legion's taxes which would amount to about \$200.

Maple Lake News

by Ada Gibbs

Mr. & Mrs. T. Hodgson, of the North Shore Road, have returned home from Florida and report having had a restful and a most enjoyable holiday.

The best wishes of the community, for a speedy recovery, go to Mrs. Victoria Packard who is convalescing at her home after surgery in the Civic Hospital, Peterborough.

Mrs. Roy McPhail who has been at home here for the last few weeks, has had to return to Civic Hospital, Peterborough, for further treatment. Ray's friends and neighbours sympathize with him at this troublesome time.

Mr. & Mrs. Elwood Limebeer (nee Pat Redner) are the proud parents of a fine 8 lb. baby boy. his is their first child, but a second grandchild for Clarence and Hughena Redner. Congratulations to both families.

Friends of Mrs. Herb Fountain are sorry to learn she is not as well as usual and hope she soon feels better. Now that spring is coming, Annie, perhaps the glorious sunshine and balmy breezes will make you feel like a new woman.

The ice fishermen at the foot of Maple Lake had a bee Saturday morning and moved their huts off the lake. Stewart Dawson looked rather lonely sitting out on the ice fishing after his hut was moved. The winter fishing wasn't always as good as it might have

been, because it was always the big ones that got away.

Corporal S. Konowalchuk, of Greenwood, N.S., now on a leadership training course at Camp Borden, spent the weekend with relatives at Minden and West Guilford, the Drydales and the Morrisons.

Syrup making is the order of the day now. those who have tapped report a good run of sap. It seems earlier than usual, so maybe it means an earlier spring.

The March meeting of St. Peter's A.C.W. met at the home of Isabelle Gibbs last Wednesday, with an attendance of 14 members and one guest. Four more heavy quilts are ready for shipment as well as a wealth of infants wear. We are very grateful to Mrs. Albert Carr who assists Miss Phrona Sisson in this part of our knitting. It just amazes us when we see their display of work. Many thanks Phrona and Brittie.

Further comments on the unusual winter temperatures in the fruit district in Florida. One can see why orange and grapefruit prices are so high, as whole orange groves stand with oranges hanging on naked branches and the ground under the trees covered with fruit also. The fruit cannot be sold as it is woody. Apparently the grapefruit withstood the frost a little better. The trees are just now beginning to leaf out again - another sign of spring, eh?

\$250 returned

A Carnarvon resident has a purse back thanks to an honest resident of Kinmount.

The purse, which was found in a Minden phone booth was turned over to a constable of the Minden detachment of the Ontario

Provincial Police. The police report that the purse contained various personal papers and over \$256, which was still in the purse when it was returned.

The incident took place on March 11.

HOMEOWNERS

Coboconk News

by Sheila Lake

Mr. and Mrs. Bill Rutter were visitors of her brothers, Mr. Brucesims and Mr. Frank Sims at Hyland Crest Home, at Minden, on the weekend. Mr. Rutter also visited Mr. & Mrs. Owen Sims at West Guilford. Sunday visitors of the Rutter's were Mr. & Mrs. Ted Rutter and Nancy, of Lindsay, also son Bill and his wife Barbara, also of Lindsay.

Little Erin Barkwell, son of Mr. & Mrs. Ron Barkwell, Fenelon Falls, granddaughter of Jean & Laurie Barkwell, was badly bitten by a dog recently and hospitalized. She is coming along quite well and is lucky to have been rescued from the dog.

Mr. & Mrs. Herb Bell and Sherry, of Lindsay, surprised Mrs. Bell's father on Thursday evening, March 10, on the occasion of his 80th birthday. Her father, Sanford Richman is quite active despite arthritis and still manages to do some sign painting. Congratulations, Mr. Richman!

Mr. & Mrs. Tom Rutter and Garnet were Sunday visitors at Wayne and Beryl Rutter and family at Wilberforce.

Mrs. Mary Hutchinson enjoyed a two week visit with her son Roger, his wife and family at Thunder Bay.

Sorry to hear that B. Greer of Miners Bay, brother-in-law of Millie Routley, is a patient in sunnysbrook Hospital, Toronto. His friends wish him a speedy recovery.

On Saturday afternoon some 25 folks gathered at the home of Isabel and Ingram Wessell at Lutterworth Trailer Park, Norland. They boarded a big horse drawn sleigh and enjoyed a two hour ride through the bush. At five o'clock all sat down to a delicious dinner of assorted meats, vegetables, casseroles, etc. Those enjoying the afternoon were folk from Faith Tabernacle Church, Coboconk. An enjoyable time was had by all. The Wessell's had a sleigh ride and dinner last year at this time so this is two consecutive years for the fun afternoon.

With the heavy rain over Saturday and extremely mild temperatures, a few days previous, the snow is fast disappearing. The melting snow also means problems. Water is pouring into some basements and yours truly is not exempt! Some homes along the river, on Water Street, and some on Albert Street have reported flooded basements. Plumbers and hardware stores should do a thriving business these days!

Our thoughts and prayers go out to the Walter Barker family, at Victoria Road. Their 16 year old son was badly burned and their home destroyed by fire last Monday. About a year ago a son was killed in a car accident. Several years ago, the oldest son died beneath an overturned bull dozer. The 16 year old son is fighting for his life in a Toronto hospital since the fire.

We saw our first robins the past week and killedeerts are numerous, sure signs of spring. Groundhogs have also been sighted.

Mrs. Marion Weaver went to Toronto last week and had intended to be put in hospital for surgery. When she reported to doctors there, there were problems that make surgery impossible at this time so she, being a bingo fan, decided to go to bingo. Luck was with her, as she won \$1,000 at the bingo in Toronto. Thursday night. Congratulations, Marion! Guess it's better to be winning at bingo than losing at surgery.

Winners in the Legion euchre last week were Ladies High, Monica Hall 73, Men's 'high Bob Doherty 77. There were 8 tied for most love hands and Alan Weaver won out on the draw - 3 lone hands.

Renovations are the order of the day with a lot of work being done in the building formerly the sport shop and before that, the Snowmobile Shop. Rumours have it that a grocery store will open in the future, in Main Street building, across from the bank.

Permanent residents assoc.

An attempt will be made in Galway-Cavendish to set up a ratepayers association for permanent residents.

Councillor Jean MacLellan told the council that an attempt will be made to set up some sort of organization and indicated that a cottagers' association head may be asked to come and speak to an inaugural meeting.

The question of a ratepayers association came up at the last meeting of the council when plans were being discussed to put Galway Hall, a community centre, under new manage-

ment.

The new management set up for the hall would be tied into ratepayers association with all of the halls business accountable to the townships council.

Reeve Carl Brickman admitted to the council that some residents would be upset about the new structure of the management of the centre but felt it should be under the control of the council.

He noted that an attempt will be made to make the hall available on a year round basis for the residents of the community.

Galway-Cavendish Council

The fourth regular council meeting was held on February 26, 1977, at 10:00 a.m. Present were Reeve Brickman, Deputy Reeve Chambers, and councillors Stuart and MacLellan. Visitors were Ralph Pearson, Road Superintendent, Shane Kennedy and Brian Goodreid, Ministry of Housing, Ed Burke - Hyland Homes, Bob Musclow - Ministry of Natural Resources, will Huels - Township Representative to the North Kawartha Planning Board.

Moved by Chambers - Seconded by MacLellan. That the minutes of the Township Council held on February 12, 1977 be adopted as printed. Carried.

Moved by MacLellan - Seconded by Chambers. That Councillor Stuart purchase an encased bulletin board from Canadian Lumber, for the amount of \$25-\$30 approximate cost. Carried.

Moved by MacLellan - Seconded by Stuart. That we prepare tenders for approximately 7,000 tons of 5/8 crush, type "A" for a price per ton to be delivered and spread on the Municipality of Galway and Cavendish Road System, as requested by the Road Superintendent, during the period of May 2 - June 20, 1977. Carried.

Discussion - Shane Kennedy and Brian Goodreid, two planners from the Ministry of Housing discussed the various subdivisions and developments and the Council's and Ministry's positions. They further discussed the possibilities of future lake development.

Moved by Chambers - Seconded by MacLellan. That a By-law to rescind previous by-laws be received and read a first time. Carried.

With Chambers in the chair it was Moved by MacLellan, Seconded by Stuart.

That a By-law to rescind previous by-laws, be read a second time and be referred to a committee of the whole council. Carried.

Moved by MacLellan, Seconded by Chambers. That a By-law to rescind previous by-laws, as reported by the Committee of the Whole, be read a third time, passed and numbered 77-4 and that the said by-law be signed by the Reeve and clerk, sealed with the seal of the Corporation, and be engrossed in the By-law book. Carried.

Moved by Chambers - Seconded by Stuart.

That a By-law to prohibit the use of lands in certain areas be received and read a first time. Carried.

Moved by Chambers - Seconded by Stuart. That a By-law to appoint a Clerk-Treasurer be received and read a first time. Carried.

With Chambers in the chair it was Moved by MacLellan - Seconded by Stuart.

That a By-law to appoint a Clerk-Treasurer be read a second time and be referred to a committee of the whole council. Carried.

Moved by Chambers - Seconded by Stuart.

That a By-law to appoint a Clerk-Treasurer, as reported by the Committee of the Whole be read a third time, passed and numbered 77-6 and that the said by-law be signed by the Reeve and clerk, sealed with the seal of the Corporation, and be

engrossed in the by-law Book. Carried.

Discussion - Mr. Ed Burke, President of Hyland Homes, Division of Cancot Construction Ltd.

Mr. Burke and council discussed several areas of the proposed Agreement which would clearly state requirements and expectations of both parties.

Discussion - Mr. Robert Musclow - Fire Control Supervisor, Ministry of Natural Resources.

Mr. Musclow explained the duties of the appointed Fire Wardens and their areas of responsibility. Discussed existing Fire Agreements, loaning of any additional equipment needed and the Municipality's replacement of, if damaged or destroyed.

With Chambers in the chair it was Moved by MacLellan, Seconded by Stuart.

That a By-law to prohibit the use of lands in certain areas be read a second time and be referred to a committee of the whole council. Carried.

Moved by Chambers, Seconded by Stuart.

That a By-law to prohibit the use of lands in certain areas, as reported by the Committee of the Whole be read a third time, passed and numbered 77-5 and that the said By-law be signed by the Reeve and clerk, sealed with the seal of the Corporation and be engrossed in the by-law Book. Carried.

Discussion - Will Huels, Municipality's Representative to the North Kawartha Planning Board.

Summary of Items of Disagreement in the Official Plan which Briefs covered.

1. Present plan places emphasis on accommodating pressures. Emphasis should be primarily on maintaining the environment.

2. Development states that the protection of the resource base is one of the most important goals of the plan and development must be guided in an organized pattern with appropriate checking procedures to afford examination of the impacts of development

SHOE REPAIRS
489-2445
BOB BARCLAY

before it proceeds. However, plan is very vague about what procedures will be and who will do the checking and controlling.

3. Plan makes no recommendations to use departmental studies on lake capacity/density, water quality and sanitary facilities.

4. Input from citizen's groups should now play a major role in revising the plan.

5. While cottagers wanted to hold up all development or severances until environmental studies have been done by the various ministries. This does not seem feasible. Council recommended that By-law 77-5 passed February 26, 1977 should be effective in holding off development until permanent zoning by-laws are passed.

6. The Official Plan should include -

a) All future back lot development should be a minimum of 1000 ft. from any body of water.

b) The deeding by municipality of the road allowance where not needed for public travel to the property owner with the

stipulation that zoning by-laws require future buildings to be 66 feet from the high water mark.

c) That conversion of seasonal dwellings with the understanding that the property owners provide their own water, sanitary and garbage facilities.

7. The draft plan schedule "A" be revised more accurately to designate recreational capabilities, land use and hazard lands/sensitive areas using input from Cottager's Associations.

8. That the design figures and policy set out in Section 2 be corrected after environmental studies have been completed in the areas.

Moved by MacLellan, Seconded by Chambers. That council pay Voucher #2, for the amount of \$3,469.84. Covering expenses of the Municipality, excluding road expenditures for the month of February. Carried.

IN MEMORIAM

NEWELL - In loving mem-
ory of our Dad, Irvin Newell,
who passed away March 11,
1962 and our sister, Joy
Newell, who passed away
March 10, 1957.

No length of time can divide
the past
Too many memories hold it
fast.
Today, tomorrow and our
whole life through,
We will always love and
remember you.

Lovingly remembered by
Mike, Yvonne, Kevin, Cher-
ylin and Glenda.

CULLY - In loving memory
of a dear husband and father
Lloyd, who departed from us
March 17, 1975.

No morning dawns, no night
returns
But that we think of you
Those left behind are very
good
But none replaces you.
Many a silent tear is shed,
When we are all alone
The one we loved so very
much
The one we called our own.
Sadly missed and lovingly
remembered by wife Made-
line and family.

Thank-You

To my many good friends,
for their prayers, get well
wishes, phone calls, visits
and gifts, and help in many
other ways, during my stay
in St. Joseph's Hospital,
Peterborough, and while
convalescing at home. They
all helped tremendously. I
don't think the Editor will
give me enough space, to
name each one of you, but I
am sure all you special
people, will know this little
message is meant especially
for You.

Sincerely
Alma Armstrong
[Gerry]

My deepest appreciation
to all my friends and
neighbours for their thou-
ghts, prayers and lovely
cards.

Special thanks to Rev.
Denny who took the time to
visit me at the Civic Hospital
in Peterborough and to Dr.
Good and nurses at the Red
Cross Hospital in Haliburton
for their kindness and
excellent care.

Cecil Robinson

The family of Hazel Alsop
would like to express their
sincere thanks and appreci-
ation to the Hyland Crest,
Senior Citizen Home, Mr.
Gordon Monk of John Welch
and Son Funeral Home; Dr.
Good, Rev. D. Nicholson for
his comforting message and
to all our friends and
relatives who sent cards,
flowers, donations to the
heart fund and to those who
called at the funeral parlour.
